SEBASTIAN BASADRE

Data Product Owner · Agile · Api

sebastian.basadre@gmail.com · +54 11 3685 5698 · Buenos Aires, Argentina · linkedin.com/in/sebastianbasadre

PROFESSIONAL SUMMARY

Product leader with 15+ years building, delivering and scaling B2B SaaS and enterprise platforms across LATAM, with a deep technology foundation that enables end-to-end ownership alongside engineering. As Director of Product Development at Mandü HR (ex Visma Latam), led product strategy and technical execution of an HRMS and Payroll suite serving 6 LATAM markets, shipping a pNPS instrumentation that lifted customer-signal quality by 40%, launching the AI-driven Invisible Payroll Engine projected to cut customer manual operations by 60%, and leading the migration from monolith to microservices with embedded AI/ML. Strong on discovery, experimentation, roadmap definition and stakeholder alignment with Tech, Marketing, Operations and Data. A-CSPO, CSPO, CSM, Prince2 Practitioner certified. Relevant capabilities include agile, api, data.

CORE COMPETENCIES

Leadership & Stakeholder Management: Cross-functional Leadership (Tech · Marketing · Ops · Data) · Executive Communication · Multi-country Operations (6 LATAM) · Vendor & Portfolio Management · Change Management · Team Building (50+ org)

Methodologies: Agile · Scrum · Kanban · SAFe · LeSS · Lean Product Development · Dual-Track Agile · Prince2

Product Leadership: Product Vision & Strategy · Product Lifecycle Management · Roadmap Development · User Research · Product Discovery · A/B Testing & Experimentation · pNPS / NPS Instrumentation · Outcome-Based Prioritization · OKR Management

Technology Leadership: Technology Strategy · Architecture Direction · Digital Transformation · AI/ML Strategy · System Modernization · Engineering Excellence

PROFESSIONAL EXPERIENCE

Director of Product Development

Mandü HR (formerly Visma Latam) · 01/2024 – 03/2026 · Buenos Aires, Argentina

- Led the migration from monolithic architecture to microservices with embedded AI/ML capabilities, shipping AI-powered features for document processing and predictive compliance analytics, and drove the Agile transformation across product squads that delivered a 25% improvement in delivery speed.
- Owned end-to-end as product lead the Invisible Payroll Engine: ran discovery that revealed analysts spent 60%+ of their time on repetitive tasks, defined the product vision around LLMs and a multi-agent architecture, built the business case and secured executive alignment for a projected 60% reduction in customer manual operations.
- Built from scratch the pNPS instrumentation and product-metrics system, achieving a 40% improvement in customer-signal quality and embedding real user input into roadmap prioritization and feature experimentation.
- Owned the HRMS and Payroll roadmap for 6 LATAM markets (Argentina, Chile, Peru, Uruguay, Paraguay, Colombia), leading an organization of 50+ engineers, architects and Product Owners and reporting directly to executive sponsors on C-level priorities.

Assurance Portfolio Service Delivery Manager

EY (Ernst & Young) · 05/2022 – 01/2024 · Buenos Aires, Argentina

- Managed an end-to-end portfolio of Assurance technology projects, delivering consistently on time and on budget while exceeding business outcomes.
- Co-designed the operational strategy for core tech services (monitoring, performance, high availability), exceeding SLA targets by 15% and reducing production incidents significantly; defined root-cause analysis playbooks and led security and compliance audits across the platform.

Lean Portfolio Manager — SAFe Agile PMO (ATTG)

EY (Ernst & Young) · 07/2020 – 05/2022 · Buenos Aires, Argentina

- Drove Agile adoption across multiple client teams, reducing delivery cycles by ~30% and improving stakeholder satisfaction through outcome-based reporting.

- Oversaw a large portfolio of technology programs, defining project charters, scope, schedules and resource allocation under a SAFe Lean Portfolio model.

IT Project Lead

Charles Taylor InsureTech · 11/2019 – 07/2020 · Buenos Aires, Argentina

- Led end-to-end project delivery for InsureTech solutions serving global insurance-market clients.

Software Development Project Manager

Huenei IT Services · 05/2019 – 08/2019 · Buenos Aires, Argentina

- Led the pharmacovigilance application migration project for Mylan's business unit acquisition, kickoff to delivery.
